

A.W.A. Winter Newsletter

News!

We continue to receive calls that our old phone number is listed in various locations. Please advise us and we will update these lists and/or sites. Our new number is 636-297-0486, again, thanks for your patience during our transition.

We hope that each of you had an enjoyable holiday and the New Year has brought good tidings your way.

Pet of the Month

In this issue we are bringing you an update on Stevie, our special needs dog. Donations for Stevie's care and treatment may be sent to our PO Box. We established a 'Goliath Fund' for those animals, like Goliath (some of you may remember him) & Stevie, that come to us, with special needs, beyond what we can typically provide. If you would like to contribute to this fund, the address is, A.W.A., PO Box 122, Warrenton, MO 63383.

To date, due to your generous contributions of **\$497.33**, we are happy to share the good news that we will be going ahead and scheduling Stevie's surgery!

Stevie the wonder dog is a 7 month old male Shih-Tzu. He is your typical puppy, full of energy, spirit and love.

Little does **Stevie** know that he has some medical problems. His left eye didn't form properly and is non-functional. His right eye seems to have limited vision. His skull is malformed so there are concerns about how this may affect him in the near or distant future. His vet wants to do a CAT scan to detect any problems that may arise. This is where he needs your help. The CAT scan will run \$650. We are asking for help to raise this money for his test.

Stevie is loved by all who know him. He gets along wonderfully with all his foster friends. His best friend is a 16 week old kitten. And do they like to play!! He doesn't act like anything is wrong with him. He has no fear of anything and has never met an enemy. Please find it in your heart to help this amazing little guy!!!!

Your donations are greatly appreciated.
